

Grade A[®] No. 482

BEST Performance

Defined by its specially formulated anti-microbial rubber compound and its totally functional design, Grade A is the first mat designed specifically for the food production and processing industries. Its uniquely formulated Nitrile rubber compound is designed to withstand fluids and oils commonly found in food processing environments including vegetable oils, animal fats, citrus, and fish oil. **Grade A:**

- 1) Passes ASTM G21-96 (2002), the test used by NSF to determine resistance to microorganisms and is 100% anti-microbial.
- 2) Has built-in handles to ease pick-up and cleaning of the mats.
- 3) Features a hygienic porthole and solid underside design that simplify cleaning and virtually eliminate areas where food can collect.
- 4) Has a substantial underside knobs that allow quick drainage and increase the comfort level of the mat.
- 5) Has a textured surface that increases traction when greasy and wet.
- 6) Is permanently anti-microbial and the additive has GRAS status.

Terra Cotta (TC)

CFIA APPROVED

Grade A Facts

- 1/2" Overall Thickness
- Wearwell Innovation—2006
- 2 Year Warranty
