

SBN PENDANT

PUSHBUTTON STATIONS

CONTROL IN THE PALM OF YOUR HAND

Featuring a lightweight, ergonomic design, SBN Pendant Pushbutton Stations provide optimal control and performance with less effort and fatigue than traditional pendants. This slim-line pendant rests comfortably in the palm of your hand and most models weigh under two pounds. SBN is available in 2- to 12-button configurations; single, two or three speed designs, momentary, maintained on/off, or Emergency Stop; and with a variety of options and accessories. Both standard pre-assembled pendants and pre-wired pendants are available with minimal lead time.

SBN provides the ultimate in flexibility – select from a wide range of pendant sizes and configurations to meet any application

Examples of pendant configurations shown above;
